摘要

权力是政治的线索，政治是权力的表达，观察政治，不能回避权力。传统权力观以权力心理为切入点，就权力与政治、主观与客观、传统与现代三对关系，讨论当代中国政治发展的目标设计、实践逻辑、困境归因及其路径依赖，既有其现实关切，也有其理论需要。一方面，腐败的防治离不开正确权力观的树立；另一方面，权力、人与政治密切相关，发展也摆脱不了传统的“束缚”。

首先，权力塑造政治。权力及其运行是解释政治现象的核心，如权力结构决定着政治结构，权力运用影响着政治运行，权力价值主宰政治价值，而权力对权利的保护与保障则会丰富权力主体、深化政治参与。

其次，主观引导客观。意识形态是对客观存在的主观能动反映，对客观现实具有指引作用。作为权力主体对权力事实的主观能动反映，权力观念以权力为媒介，通过作用于权力配置、权力运行、权力制衡等权力行为，间接达到影响政治发展的目的，如权力平等要求“法治”、权力民授要求公益、权利生长要求参与等等。

再次，传统影响现代。政治发展的实质是传统向现代的变迁，肯定了传统对现代化的重要影响。从而，讨论当代中国的政治发展必然不能回避中国的传统。作为中国传统的重要组成部分，传统权力观既是当代中国政治发展的环境构成，也是其影响因素，会对当代中国的政治发展产生积极与消极的“二元”影响，如人治主义阻碍法治进程、集权主义妨碍合理分权、臣民观念制约政治参与扩大，等等；又如民本思想孕育着民主萌芽、德治理念补偿法治缺陷，等等。

因此，从权力观念层面看来，要发展政治，就要树立正确的权力观，包括树立正确的来源观、目的观、运作观、制衡观等等。

关键词：权力；传统权力观；中国；政治发展

Abstract

It is important to analysis political on the view of power, because there is a close relationship between power and politics. With the start point of psychological level, to discuss how traditional view of power impact political development in China today will on three relationships such as between power and political, subjective and objective, tradition and modernity. Because making a science view of power will have a key role in preventing corruption, and there is a close relationship during power, man and politics, and tradition will impact development.

Firstly, the politics is shaped by power. Public power and its operation is also the key to analysis political problems. Such as power structure decides how to build political structure, political operation is impacted by using public power, the value of political development is also decided by the value of public power, and public power protecting private rights from being weaken.

Secondly, the subjective is the guidelines of the objectives. As an active reflection about the objectives, ideology has a key role in guiding social activities. Power view impacts political development indirectly, through configuring, operating and restricting public power. Such as “rule of law” is asked by equality, to get public interests is a necessary result of granting the right to government by people, and so on.

Thirdly, modernization is influenced by history. Substantively, political development means a changing from tradition to modern. So, Chinese tradition is a necessary factor to observe China’s political development. As an important part of Chinese tradition, also a part of political environment, traditional view of power will have a positive and negative impact on Chinese political development. One hand, rule of man is bad for rule of law; monarchism is not good for decentralization. Other hand, rule of virtue is helpful for rule of law, and so on.

Therefore, establishing a science view of power makes a key role in political development, including have a correct source concept, purpose concept, operation concept, and so on.

Keywords: Power; Traditional View of Power; Chinese; Political Development
